Mr. De Leon,

Okay....please use the following link to apply for financing for the purchase of the combined package we have been discussing. Apply for the lower sum of \$10,500. The fees are lower with this in-house financing team.

The link -- <https://flexxbuy.com/myricks-law-group/>

Feel free to call me with any questions at 206.701.4737.

Subject: RE: genie lens lp and funding of corp
Date: Tue, Mar 9, 2021 9:59 am

Dear Mr. De Leon:

Thank you for providing me with an update on your situation. I do hope you will be able to take advantage of the financing resource I have shared. Terms are good and will allow you to finance the purchase of the combined package of services that were offered over a five (5) year period.

Nonetheless, if you need to purchase only a subset of the services offered here is a listing of the services and associated pricing:

- Aged corporation purchase - \$700
- Corporate build-up for financing - \$3500
- Prior Art Search - \$1000 (estimated budget)
- Patentability Assessment -- \$1500
- Provisional Patent Application Preparation -- \$3500

Based on your feedback, I suggest obtaining the combination of aged corporation plus the corporate build-up financing for a combined price of \$4200. Please let me know if you'll be able to at least cover the cost of this combination. It will at least get you access to funding within 5-6 weeks so you can begin pursuing the other related services and start working on the expansion of your company.

Please advise.

Regards,

--

Mr. De Leon:

Congratulations are in order once again I understand. I've heard from the team that you have been granted funding in the amount of \$9200. This is excellent news and I'd like to begin helping you to obtain a funded aged corporation and to pursue the first stage of an intellectual property protection strategy. Please let me know when you'll be available to speak with me, preferably later today, tomorrow or Wednesday morning. Feel free to call me on the number shown below from our previous communication.
