

I am told the check for the desk has been mailed

I do understand your frustration with this matter. I have also copied you to our billing department.

From my understanding, the school is awaiting scholarship reimbursements. Once those funds are released, payments will be made

We sincerely apologize for any inconvenience and understand your frustration with ILA. We rely on the state of Florida to reimburse our school in scholarships on a timely manner and continued delays or holds ups has prevented us from reimbursing you within a timely manner. We will take care of this

No. I was told it hasn't been processed and won't until after the holidays. School will be closed until 1/3/22. Karen has been copied on this email.

We did a stop payment on the check and reissued it with a tracking number. I'll be able to provide that number to you Monday morning. I apologize for the delay.

Morning. We will have it out by this Friday.

All invoices will be paid in full by 10/29.
